

LAUGH & LEARN &

PLEASE READ!!!!

Hello Laugh and Learn Family!

I am Natalie Taul, the Family and Consumer Science Extension Agent behind all of the packets that you have been receiving. I work with the Early Childhood Council and my staff to crank out these packets monthly! I want to provide an update on the packets, please read through so you can stay informed and involved with the program.

1. We are currently evaluating the program. You can use your smart phone to scan the QR code to take the evaluation right from your phone! For Apple users, just scan the code with your camera and Android users can scan the code with a QR code reader app. If you have already completed the evaluation through an emailed link, you do not need to complete a second time.
2. THANK YOU to those who have already completed the survey. You all have some GREAT ideas for future packets! I'm seeing requests for more activities to teach your kiddos about shapes, colors, letters, numbers...and the list goes on!
3. ***We will be taking a break from packets from April – June. I will be on maternity leave beginning in April and our office is making a BIG move to a brand new office! We will resume packets and some [possible] in person sessions in July 2021.***
4. Included with this packet, you will find a checklist of school readiness milestones that you can work with your child on over the next couple of months. I will be utilizing this handout to help develop packets and activities in the future.

I have loved putting together packets for you families over the past year!

A handwritten signature in black ink that reads "Natalie Taul".
