This program is geared toward youth (and their families) who are interested in growing their own vegetables, learning about gardening and trying new foods!

Families will get to plant a vegetable plant, learn about it, try out recipes using that food, and learn about benefits of eating fresh produce!

Stick around at the conclusion to get a free lunch from the local "Meals on the Bus" that makes a stop at the Extension Office from 1:20-1:40 PM.
